1. When was the 1st time you knew you wanted to model?

Answer: I've known since I was a real little girl. I think I was like 4 or 5. I saw a runway show on tv and instantly knew that was what I wanted to do. I guess it was my calling.

2. What do you do to keep your body so beautiful?

Answer: First of all thank you. Well, I try to eat healthy but can't say I do all the time. I am desperately trying to keep a work out routine but I am not consistent. so I am a lucky one I guess...lol...I'm Blessed.

3. Was anyone person or people your inspiration?

Answer: I was truly inspired by my mother. She was always going for what she wanted in life no matter what people said and what adversities came up in her life. I'm inspired by strength and determination.

4. How long have you been modeling?

Answer: I've been modeling on and off since I was 15. I took breaks because of life events but started going hard at it and seeing results fast. I was proud of myself for going back to modeling after the passing of my mom. It was hard but before she passed she always showed me the most support so I knew she would want me to follow my dreams.

5. What categories of modeling do you enjoy most?

Answer: I honestly enjoy them all. I like high fashion, eye candy, runway, I really love it all. I don't know if I have a favorite because they all give you a different feel. You get to play different characters in the different types of modeling.

6. What are your favorite hobbies?

Answer: My hobbies are kind of low key and I don't get a lot of free time to do them because following your dreams keeps you kinda busy, but when I do have

free time I like to draw, read, and watch movies.

7. How has your experience in the modeling world been so far?

Answer: It has had its up and downs. I have a few not so pleasant experiences but for the most part it has been a really good experience. I have been lucky enough to work with some really amazing people and do some really great work.

7B) any great experiences in particular?

Answer: there are so many. I've done some great runway shows and met some amazing designers. I have worked with some great photographers, makeup artists, and hair stylist. After working with some of them they become friends that help you with your career. You end up getting close to each other and then you have an amazing team in the end.

8. Are you happy with the type of attention you get or would you rather be known primarily for something else besides your figure?

Answer: I am happy with the attention because it is part of the career. People who get to know me through my modeling know that I am more than a model. I try to be a person that others can look up to because I know that people are watching.

9. What's your greatest fear regarding modeling?

Answer: Really being in an unsafe situation. As wonderful as this career can be it can definitely have a dark side. I take precautions so nothing happens and I highly suggest anyone in the field does the same.

10. Is there anything else that you want to try in the industry besides modeling?

Answer: I am working on some acting as we speak. I think that modeling is a key to open other doors in the industry.

11. Is there anything that you would like people to know about you?

Answer: I have a website that is free to subscribe to and has all my events, content, videos, merchandise and so much more.

12. What can we expect from you for the rest of 2017 and in 2018?

Answer: well I am working on a lot of different things. expanding my acting, hosting, more videos, just really working on everything I can.

Anything else you would like to add?

I really want to thank Glamour and Glitz Magazine for this opportunity! I also really want to thank all my fans, friends, and family for their continued love and support

I was raised in the outskirts of West Terre Haute, playing in the creeks and running with the neighborhood kids. I grew up very shy, quiet, and humble. I'm very happy-go-lucky and energetic. I'm always laughing and spreading smiles. I have a sarcastic mouth and lighten up and room I walk into! I got into modeling for the self-esteem boost. I never felt pretty growing up and just recently burst put of my shell. I wanna show the WHOLE world my outer AND inner beauty!!
