To become a professional dancer and be able to travel around world.

**Shaynna
Allen**

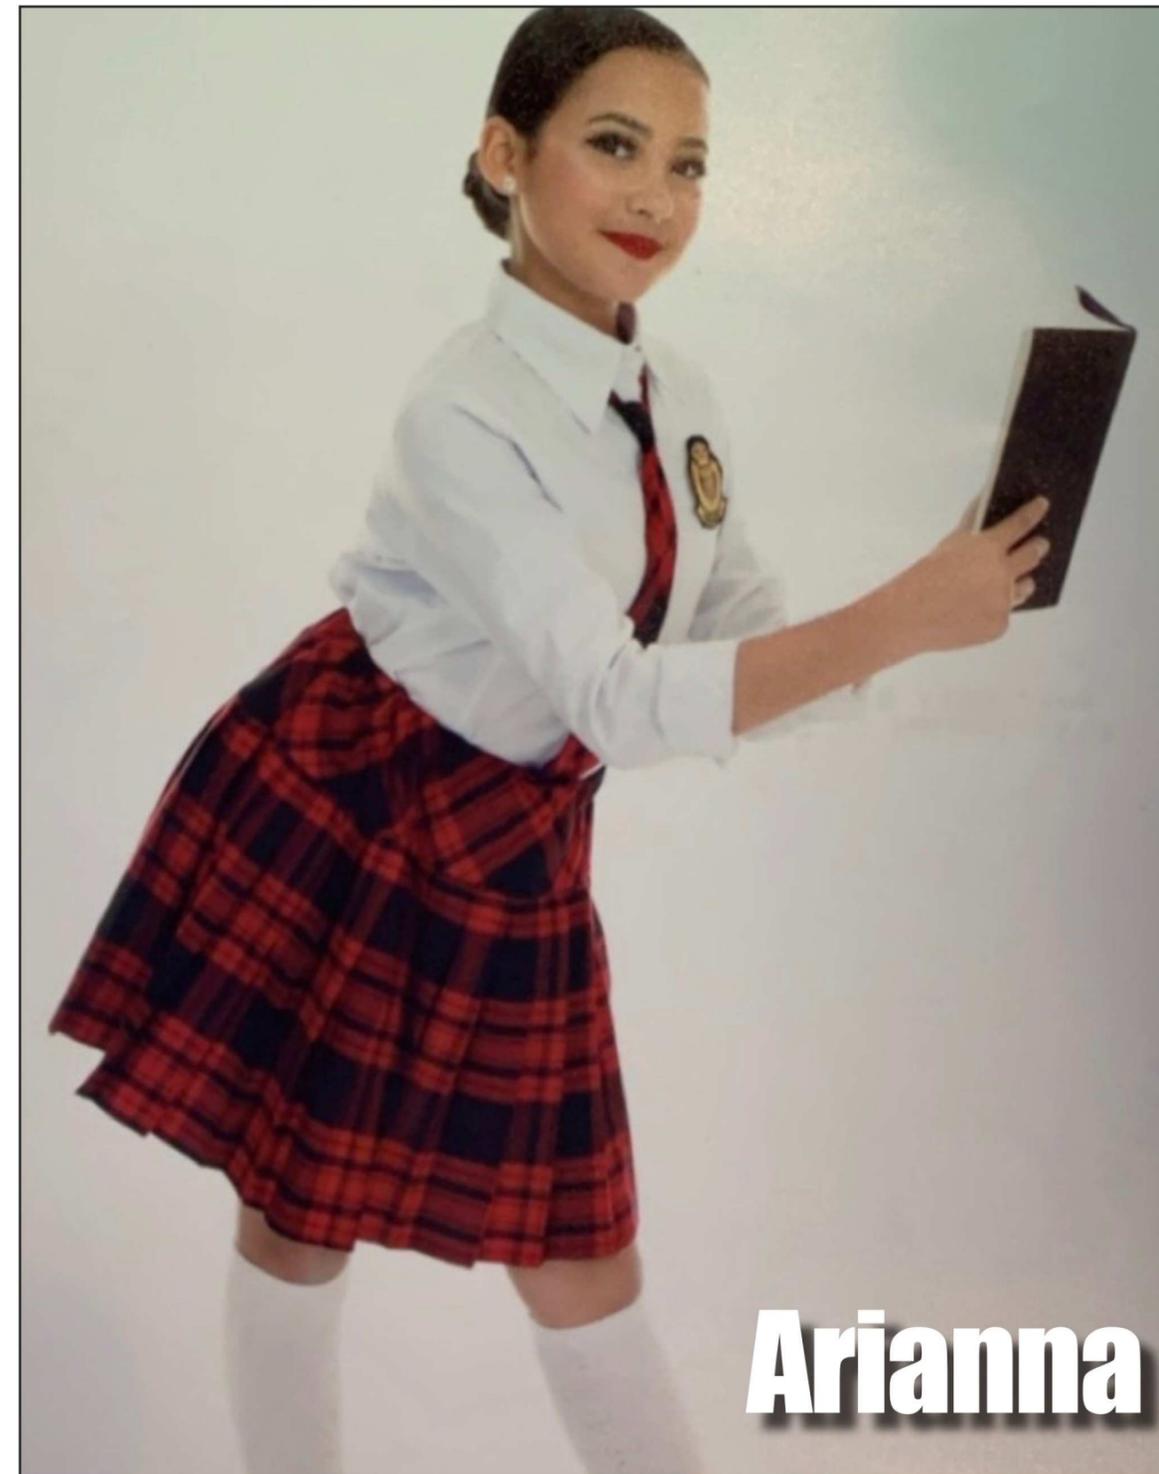

My dream is to one day become an astronaut and explore the universe, visiting planets and flying to the moon! I love looking at starry nights and using my torch to project images of the galaxy on my bedroom ceiling. My other dream is to explore the oceans and sea creatures that live within. I would love to work at Sea World with the jumping and backflipping dolphins one day. I enjoy taking photos at the beach with my family, against the bright sun and the crashing waves. So far, my goals have been to achieve acting roles in films, or model for advertising and runways. Currently, I have involved in multiple short films and TV

commercials. This includes Movie World, RACQ and Humira (US ad). Sometimes, I see myself on the television every now and then, even at the cinemas! I intend on continuing in the modelling industry, to pursue this as a potential career! The challenges I am facing are self confidence and work experiences which I hopefully will gain from attending workshops and be brave to show people the real Shaynna.

Ms Bangkok Bunny

Ms Bangkok Bunny's dreams include getting a sea lion tattoo, having a classic car again, and traveling to Bunny Island. Sea lions mean a great deal to her and she would like to immortalize the sea creature on skin. In the past she has owned a classic car and would love to own one again. Bunny Island sounds like a place that Bunny (the person) belongs to and she would love to visit and feed the bunnies.

Bunny's goals include being able to feel stable and secure in her everyday occupation, continuing to have a happy marriage, and to obtain financial freedom. She has started a new career since June of this year and has been enjoying it so far. Bunny has been married for six years so far and is looking forward to many more. Financial freedom is important to Bunny as she has always strived to depend on herself and not be in debt.

Challenges for Bunny are health conditions that she is managing; she has bipolar 2, pectum excavatum, and scoliosis. Bipolar 2 has been a diagnosis that has been changed for Bunny throughout her life, leading to confusion and disappointment, but has recently been confirmed by a trusted professional. She is managing it well currently. Pectum and scoliosis and conditions she was born with. Both have led her to body image issues but now she is learning to accept herself and will still display herself proudly in photos and videos. She strives to be the best she can be despite these challenges.

Achievements for Bunny- she was recently featured on BAIT footwear's Instagram page, has won a few pinup contests, and is president of the Tampa Bay Luscious Ladies. BAIT footwear is a brand she has long admired and is a huge influence in the vintage community that Bunny participates in- to be chosen to represent them is an honor. Winning pinup contests is difficult as every contestant is beautiful so when she is chosen as a winner, Bunny feels special. Being president of her chapter of the Luscious Ladies is an honor and privilege that she executes proudly and responsibly.

I was adopted from China when I was nine months old and was raised by a single mother with six siblings. In a small town school can be difficult, especially when you do not look like the other kids. My classmates would make fun of my physical characteristics, and how I looked different from my family. However, it was different at my dance studio. Everyone there was focused on dancing and having fun. It was always a safe place for me to be myself.

Dance has taught me to have confidence. For people that know me well, I come off as talkative and a social butterfly, but in reality I'm shy and have a lot of self doubt. Comparison is the killer of joy and from time to time I have to remind myself of that. Over the years I have learned a lot about myself as a person and embraced it rather than concealing it. Now I can say I am proud of the person that I have become.

My dreams and goals for the future are traveling around the world and making a career out of dance. This year I will be working full-time at my local dance studio to save up for 2022. I'm planning on applying for the Intensive Training Program and The Source Dance Company in Vancouver, BC. I want to eventually dance on cruise ships, in music videos and TV shows. I would also love to try a modern/contemporary based company either in Los Angeles or here in Canada. As well as assisting or teaching at dance conventions around the world. After gaining more knowledge and experience, I would like to settle down and open up a dance studio. Teaching has always been another passion of mine, and it would be amazing if I can pass it on to younger dancers. My main goal is to find a job I truly love and then I will never have to work a day in my life.

Clara tiene 4 añitos y es una niña muy risueña. Le encanta la ropa, le encantan las fotos y también dibujar y bailar. También ha rodado un cortometraje y le gustaría ser una pequeña actriz.

Clara

My name is Lylah Mirabella and I am 7 years old. I love modeling, acting, flamenco dance and singing since very early in my life. My dream is to become an international model. My goals are to work with many brands and designers. I will love to see myself one day in the Billboards in Time Square NY. My achievements are currently modeling for a professional designer Chinoartebywayne, which has trained me and continues to coaching my

through my journey. I recently was issued in the front cover of indikids magazine Atlanta, Georgia. I opened the NYFW show for my designer at the Marriot Marquis NY. I have been invited to a Gala anniversary in Charlotte, Queen City in December and I hope many other opportunities come my way.

I was born in Cuba and i grew up in Italy, Fashion is something that I've been around since very young age. My modeling career started at 17 years old more like a hobby then a job, when it really started to pick was right after the pandemic, when i started to get more modeling gigs. I dedicated my life to the restaurant, i bartender for several years in different cities and countries until i got into a car accident and i had to abandon that life. i used to

have the clock-in clock-out mind set and really took me a lot of mental effort to change that. Today i dedicate myself to modeling/ promotion modeling and private events here in Las Vegas fusing my modeling experience with my bar-tending and costumers skills, bringing on set what several years in different countries taught me.

Divangellys

Lilian is a little whirlwind, a happy and active girl. Always friendly, always open and interested in so many things.

Her main hobby is solo dancing, and from time to time she really enjoys to do some modeling in front of the camera too.

When she's not at school or busy with her hobbies, she loves to spend time with her cats.

When she grows up she wants to be a dancer and a veterinarian.

Photographers : Patrick Schilling @pookies picture

Lilian Theresa

My dream is to be a professional model i love to walk on the runway i love to promote my cloths, my mom told me I love to be on the front of the camera and that's true, i now know what i have to do wen i need to take pictures.

Fallon Bulboff

Fallon is an 11 year old 6th grader who has a passion for dance. She is a competitive dancer and gymnast. She has won a regional and National dance title. She has also placed in 3 gymnastics events at states including 5th place on floor. Her favourite hobbies include softball, riding dirt bikes and horses, and travelling. Fallon has also appeared in an eyeglasses commercial. She aspires to be a professional dancer and model.

Finya

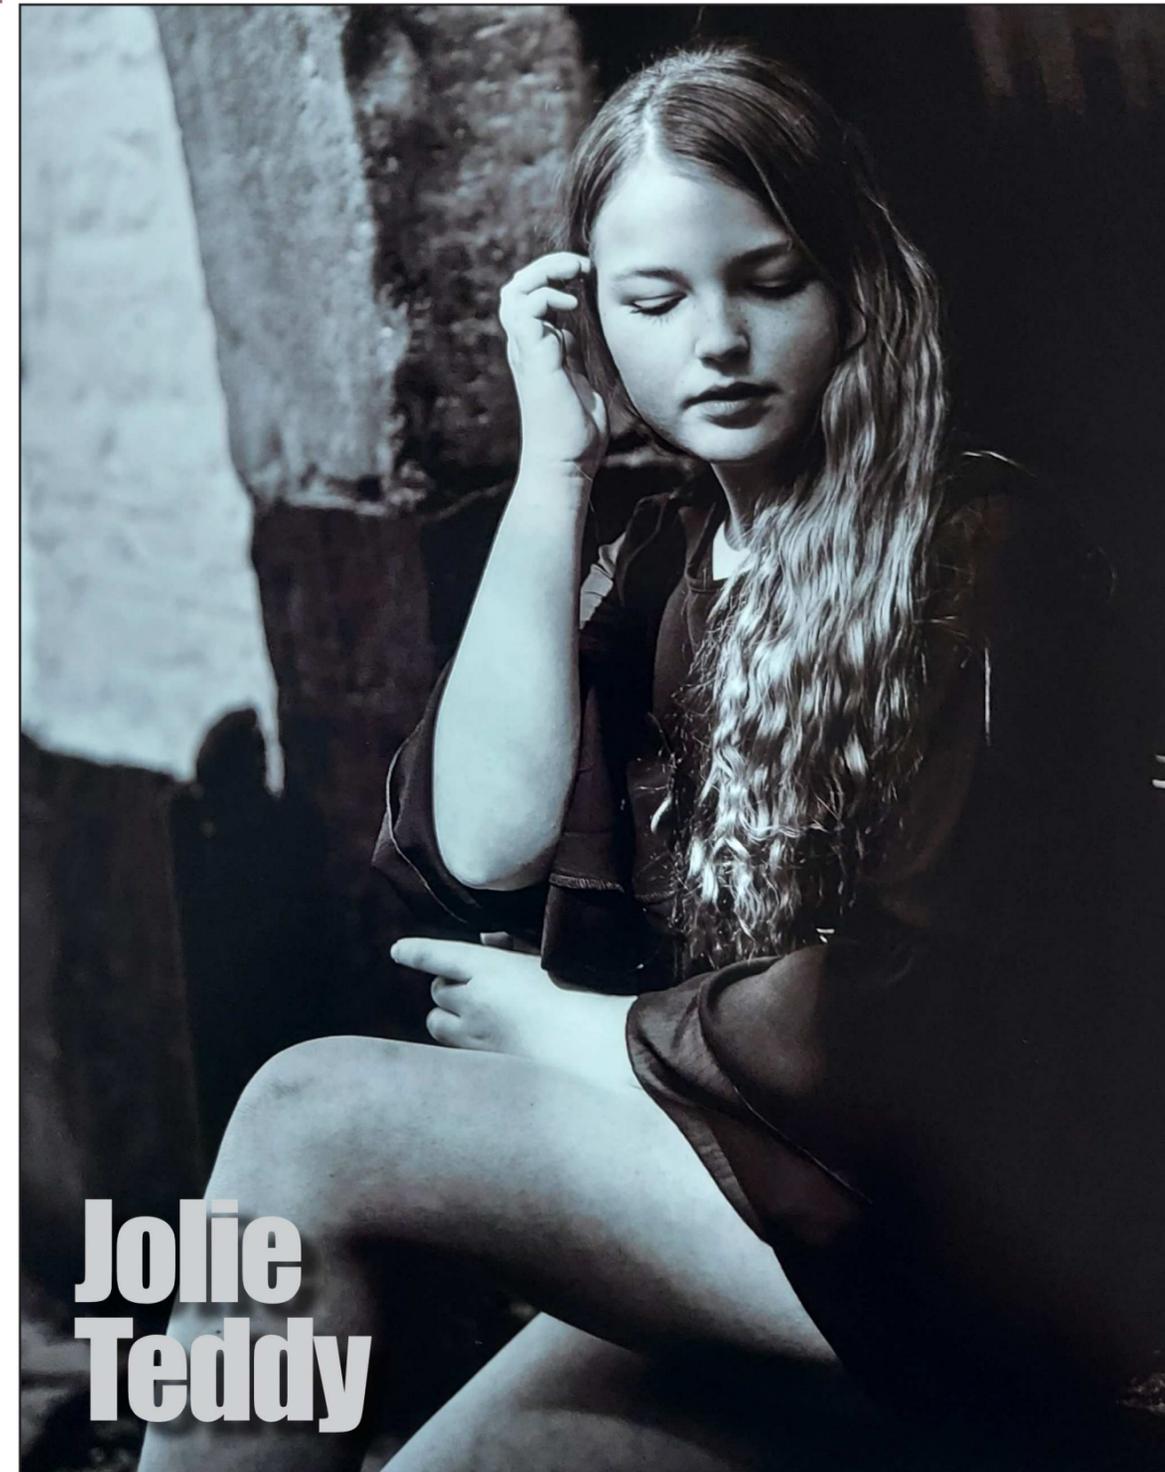

Finya

Hi, my name is Finya, I am 10 years old and I am from Hamburg / Germany. I love modelling, drawing and gymnastics. My favorite photo shoots so far have been a mermaid shoot and a lost

place shoot. I also had a part in a music video of the singer Miley Jay. The next music video is already in the works and will be released soon. My biggest wish would be to swim and shoot with

dolphins. I would like to become a veterinarian and a model and travel the world.

Jolie Teddy

Hi my name is Hartley and I am 4 years old. I started dancing at 16 months old at Milford Performing Arts Centre. I quickly became a huge fan of dancing and music. I fell in love with all my dance teachers and dance friends. I participate in Fairy Tale dance camp every summer and it's my favorite. My dance teachers and friends are family to me. I am entering into my 4th year of dance and my first year of Teeny Company. I am determined to be the best dancer I can be!

Dance, modeling, and music are what truly make me happy! Everyone who knows me knows how friendly, social, outgoing, happy, and bubbly I am. My mom likes to call me a social butterfly.

I love to express myself through dance! I enjoy having dance party's at night with my mom and dad. My favorite thing to do is turn off all the lights and dance under my disco ball! I even like to dance with glow sticks!

Miss. Jenn my dance teacher encourages me to be passionate about what I love! Miss. Jenn supported me in my first Beauty pageant as my coach and I came in 2nd alternate and won the awards of best hair, best dressed, and best presentation! I also love being in front of the camera and being photographed! Miss. Jenn is an amazing photographer, model coach, and dance instructor!

My first two years of life were not easy. I was diagnosed with epilepsy at 10 weeks old. I was heavily medicated for 2 long years. My seizures come back with revenge when I was 16 months old. I had just started my first year of dance when my seizures returned. My dance teachers did an amazing job making sure I was safe during class. They padded the dance floors with gym mats for me, just in case I had a seizure and fell. They also had a plan in place if I did happen to seize during class. I am so thankful for all they have done for me. I wasn't really myself during this time. The seizures and all the medications were putting me in a fog and I had a hard time keeping up with my peers. I was very tired all the time and didn't feel like myself. Despite living feeling this way I was determined not to give up. Dance was one outlet that always made me happy! I didn't give up during this time I still attended all my dance classes because it made me happy.

Finally half way through the dance season, I was about 2 years old my prayers were answered and the doctors found something to help stop my

**Jolie
Teddy**

Hi, my name is Jolie and I'm 10 years old. I live in the Southwest of the Netherlands. Live, love and laugh. That's my dream and my dream for everybody. Live your dream.

I want to be a model and an actress. Love to perform. I also like to sing and dance a lot. I follow a class at a theatre and musical school. I just beginning modeling and starting with assignments. I hope to do a lot more. It's great to meet a lot of new people and friends.

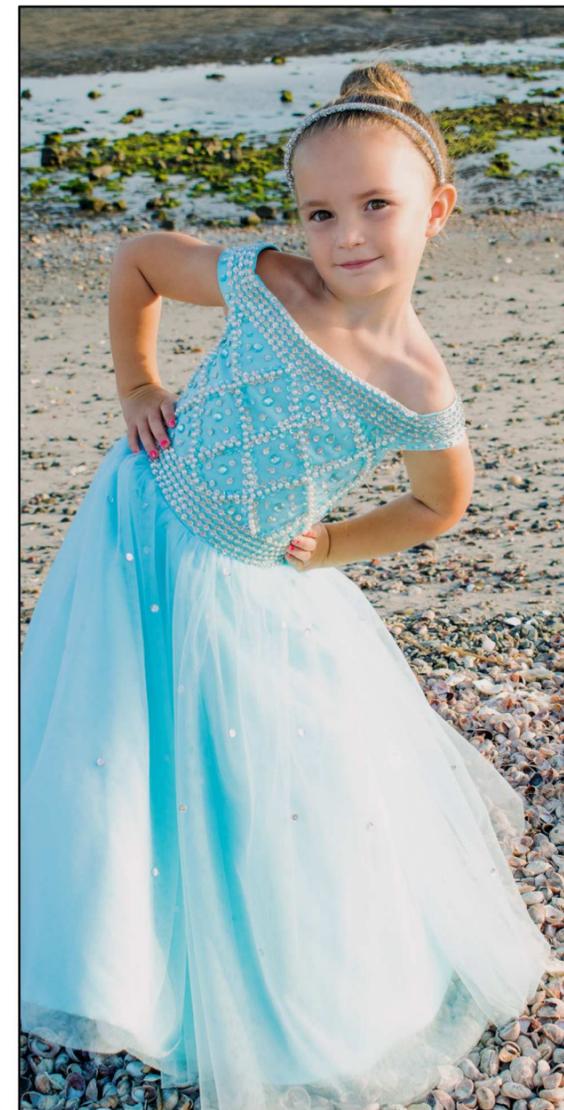

Next year i m going to secondary school and after that I want to go to a university. For now I don't know what to study yet. I'm just 10 years so I have time to orientate.

Photographers Credits: Lmediadesign, Mariska Vereijken, Picture People, Reina

seizures. I started a diet called the Ketogenic diet. It was not an easy diet to follow but my mom, dad, and family stuck by my side and helped me through it! The diet was working, my seizures were slowing by the day and I was slowly emerging from the fog and darkness that I was feeling. After about 3 months on the diet I was totally seizure free and beginning to feel like myself again! By the time our June Dance recital came around I was seizure free! I was so proud of myself and so was my mom, dad, family, and dance family!

Thanks to the ketogenic diet, my family, friends,

and my own strength and determination I am now over 2 years seizure free at 4 and a half years old. I am still in the ketogenic diet and medication free. Dance, modeling, and music are what truly make me happy! I love

My dance friends and family! They got me through the most difficult time of my life thus far! I can't wait to see what the future holds for me! This is my journey and it's just beginning!

Ivet

Ivet tiene 11 años vive en Barcelona ha empezado hace 4 meses en el mundo del modelaje. Sus aficiones favoritas son el patinaje artístico y la natación. Le gusta mucho hacerse fotografías

Since I was four years old, I've been acting on stage. I've always had an interest in hockey, but I knew that it took great skill and that most of the players had been playing since they could walk. I attended my best friends hockey games and I just knew I wanted to give it a shot. After having the lead role in a big production, I decided to take a break from acting for a while and hit the ice. I got geared up, did some lessons and trained with some amazing coaches. I then tried out for the Junior Everblades travel 12U team. I didn't hear back. About three weeks later I was asked to be a "practice player" on the team. I graciously accepted. I didn't give up. My parents supported me every step of the way. I was also on the rec team and was out there every night practicing. Whether a private lesson, stick and puck or practice with my rec. team, I was determined and I showed up. I was still a bit shaky on skates, but I attended some extra classes and clinics to become a better skater. I will never forget my first goal during my rec game. It was an amazing feeling and I felt unstoppable after that. The very next evening I got a text from my coach asking me to be a "regular player" on the upcoming travel team. I was beyond excited and ready to begin the season. Since the season started a few weeks ago, I've already had over 10 assists and even more goals. I consider myself lucky to have made the team with only have played hockey for less than a year. I can see my hard work is paying off and I'm not stopping here. I am so thankful for my coaches patience and persistence. I am even more grateful for my parents and family for sticking with me and believing in me. Once my skates hit the ice, I knew this was where I belong. This has been a dream come true for me. My team is the absolute best. I love this sport and hope to continue playing throughout the years.

Photos by: Brantley Photography

I want to become a professional dancer , I have achieved platinum metals and attend comps, conventions, I've also been working on my modeling as well. I also want to become a RN and work for the Nicu. I love to work with little kids! I have 3 sibling one who is a competitive dancer as well and I love making dances up with her. I have grown and learned so much! I started at a rec studio and 2 years decided to live my dream and dance Competitively. I love dance and I love my dance studio MOD dance!
