My name is Alexa Jade and I live in NY. I am 11 years old and I have been modeling since I was 4. I love doing beauty pageants, print modeling, and gymnastics. I've also appeared in some short films as a background extra. My goals in life are to become a high fashion runway model and make up artist. In my spare time, I enjoy hanging out with my friends, dancing, and making tik tok

videos. I love helping other girls be the best they can be! Some of my achievements include making the honor roll in school, First Runner up for Miss NY at East Coast Pageants, and modeling in NYC for New York Fashion Week multiple times. Thank you for including me in your modeling magazine; I really appreciate it. Love, Alexa

Dancing is everything you me. I love being on stage feeling the warmth of the lights and the screams of the crowd when a performance is done. My goal is to go to Juliard and to one day dance on Broadway.

My wife and I have worked the last few years as a model/photographer duo producing images based on fantasy/science fiction themes or on inspiration we have found as we have traveled along the east coast.

In collaboration we have created these images amongst many drawing on our talents . Audrey is a writer/multimedia artist and model. Richard is a former drama teacher with experience in photography and writing.

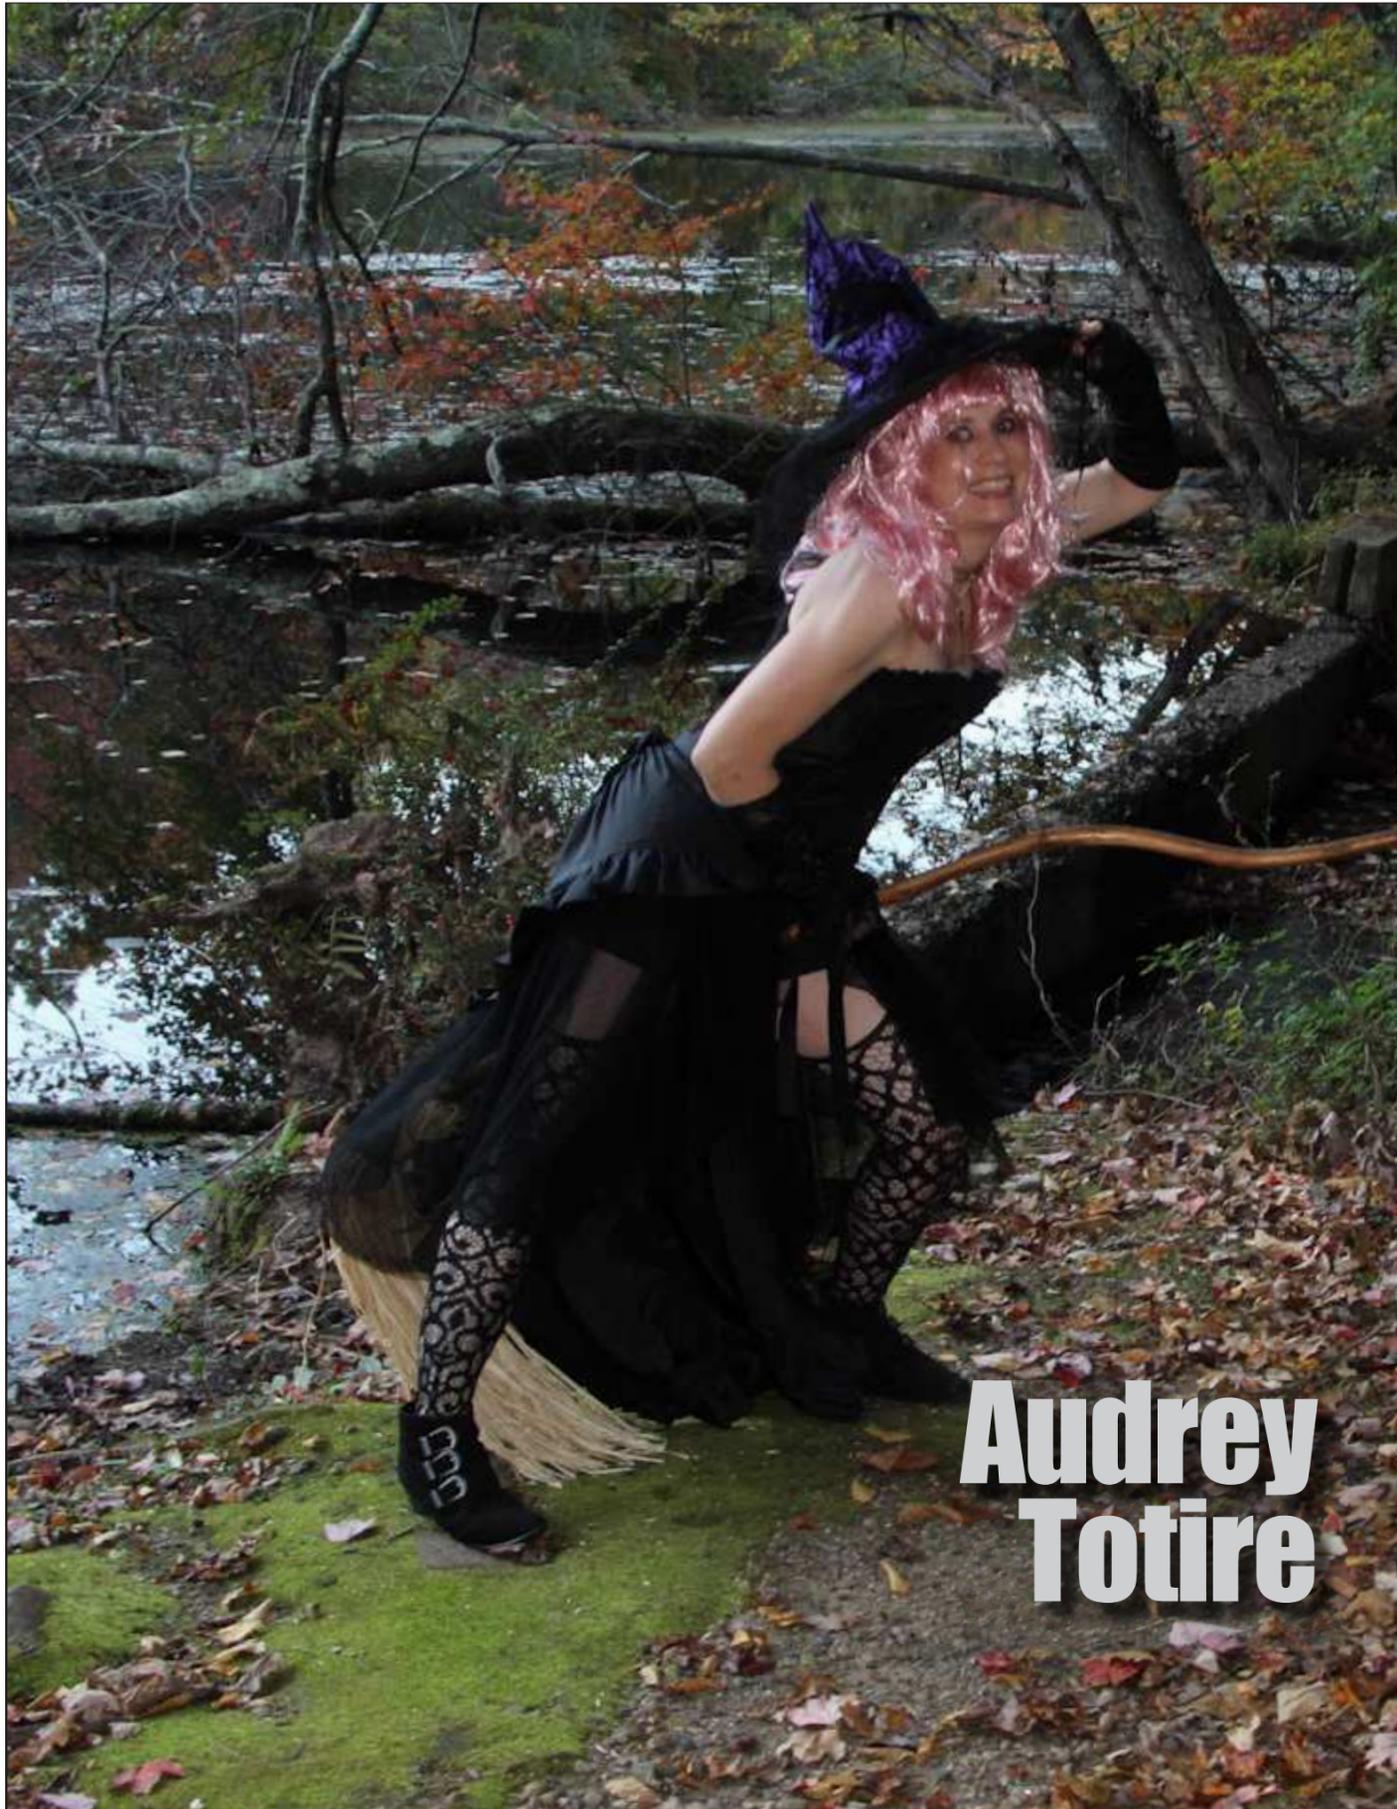

We have been married for over 17 years and have found creating these images has allowed us to keep the creative dynamic that brought us together all those years ago alive and well. Traveling together and exploring our home state of Connecticut, we have found the settings both in nature and in urban/suburban areas, that give us the backdrop to set our scenes.
